Welcome back to Term 2. I enjoyed listening to the students telling me about their fun times over the school holidays. We are now well and truly back to routine and lots of learning is taking place in our busy classroom.

**Choir Performance**
Our class has been practicing their singing each week in choir and we are fortunate to be participating in the Mornington Peninsula Choral Festival on Monday 23rd May at 7pm at Toorak College. Paula Tuck will be sending home a notice with further information and details of the event very soon. We are all very excited about the performance and hope that you can all make it.

**Kitchen Science**
This term our topic is Kitchen Science. We will be looking at different foods, where they come from, how they change when heated or cooled and making mixtures. This will also include some cooking activities. It would be greatly appreciated if you could please send some empty food packaging so that we can analyse ingredients in certain products.

**Library**
Each Wednesday we visit the library to read and borrow books. We hope you enjoy sharing their chosen books with them and would like to have them returned each Wednesday so the students can borrow a new book.

**School Photos**
School photos will be taken on Tuesday 3rd May. Please ensure your child is in full school uniform on the day and that they are at school on time.

Regards,

Deanne Thompson
